Cosmic Consciousness Facilitator Training Melbourne – October 25th to 28th 2019 (4 Days)

Cosmic Consciousness recognises that we are part of a universe much greater than what we know. This module of the Diploma of Universal Consciousness, compliments the practices offered during the Quantum Consciousness Facilitator Training. We move beyond the Realms of Consciousness model to explore realms of light, sound and vibration and learn how to take clients through a portal to explore expressions of their unique consciousness in another form or dimension. We spend time contacting off world civilisations that are supporting the expansion of consciousness on this planet. We form a support network of aspects of ourselves that embrace our own multidimensional form, building resources for our own journey in human form. This module in particular, is one of pure exploration and designed to stretch the knowing of participants into new understandings of both the universe and our place in it. It is gently targeted towards personal transcendence which can then flow onwards into conversations and sessions with clients who are ready to explore their expanded states of being in new ways. This module can be learned as a stand-alone module or one that continues the path towards the completion of the Diploma of Universal Consciousness. The course covers: “Realms of Light Sound and Vibration”, “The Interdimensional Realm”, ‘Contacting Off-World Consciousness” and “My Multi-dimensional Resonance”.

\$1495 – Includes morning/afternoon tea, all materials and coaching during the 9 month optional certification period. (\$400 deposit required, remainder due 2 weeks before) (Early Bird of \$1295 if paid in full by August 15th, 2019).
