# Gaia Consciousness Facilitator Training Melbourne – October 23<sup>rd</sup> to 26<sup>th</sup> (4 Days)

Our planet is a sentient being in her own right and as her inhabitants, our futures are entangled in a sacred way. The knowing of this, echoes the wisdom of ancient times and is now being realised as a critical aspect of both the sustainability of our society and the better use of the natural resources of our planet. This 4 day workshop both honours those intentions and contributes to the evolution of humanity in a number of ways. We will be connecting to our other lives held on this planet to share with them, the philosophy of Universal Consciousness and offer that vibration into their part of Earth's history. We will be visiting ancient civilisations to refresh the wisdom of ancient times and grounding new frequencies that emanate off-world and are being offered as part of our own supported journey into a greater consciousness. We seek to further activate the global shift that we are all part of in this time and place.

This workshop is gently targeted towards personal transcendence which can then flow onwards into conversations and sessions with clients who are ready to explore their expanded states of being in new ways. This module can be learned as a stand-alone module or one that continues the path towards the completion of the Diploma of Universal Consciousness. The course covers: "Advocates for Universal Consciousness", "Serving Earth Consciousness", "Researching Ancient Civilisations" and "Grounding New Frequencies".

**\$1495 – Includes morning/afternoon tea, all materials and coaching during the 9 month optional certification period. (\$400 deposit required, remainder due 2 weeks before) (Early Bird of \$1295 if paid in full by August 15th).**
