

# A Career Path in Consciousness...

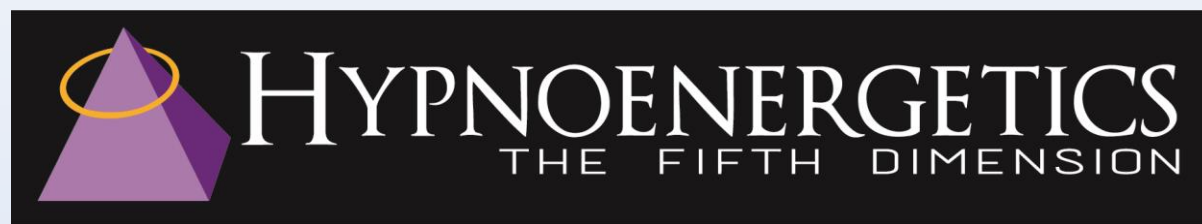

Are you thinking about a career in the healing arts to serve a greater purpose?

We offer a career path that gradually builds over a number of years at your own pace and budget. As your career unfolds, you can become a Certified Hypnotherapist, specialising in Archetype Work and Past Life Regression, then a Quantum Consciousness Facilitator, then a Facilitator of Universal Consciousness or even a Life Between Lives Therapist.

You will be supported by professional associations, both local and overseas and from your first course of study become a member of **The Consciousness Collective**. This is an alumni group of previous graduates who will support you as a network of lightworkers who have come together to serve humanity through a collective purpose.

Our alliance of training organisations include the Hypnoenergetics Collective, The Institute for Quantum Consciousness and The Michael Newton Institute for Life Between Lives.

This course is a pre-requisite for the 6 month Diploma Course which allows you to become an accredited Hypnotherapist specialising in Archetype work and Past Life Regression.
